Dear Ms Myers,

This letter is in regards to the December 12, 2013 compliance check of your Category A, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

☐ 110.4 No more children are in care than the rules for the specific category will allow.

**You were one over numbers, which you indicated was due to an emergency.**

☐ 110.5(1)j Emergency and disaster plans for fire and tornado are written and posted by primary and secondary exits.

**Please repost.**

☐ 110.5(1)o Nonsmoking signs posted at every entrance of the home and in every vehicle used to transport children. Signs include telephone # for reporting complaints, and [www.iowasmokefreeair.gov](http://www.iowasmokefreeair.gov).

☐ 110.5(1)s The provider has completed training in CPR for infants, toddlers, and children. Documentation of current certification is on file.

**Please locate your current certification and add it to your personal provider file. If you are not able to locate your certification you will need to retake the CPR class. Please see page 29 in the packet I left with you for options to schedule your CPR class. You can also access Child Care Resource and Referral at 1-866-722-7619 to get a class scheduled.**

**110.5(2) A provider file is maintained and contains:**

☐ 110.5(2)a A physician's signed statement of health and immunization status on the provider and all members of the household who may be present when children are in the home. Statements must be obtained at the time of initial registration and updated every two years.

**Please use the new forms for physicals for your-self and any other adult also living in your home. These forms are located on pages 33 and 34.**

☐ 110.5(2)b Two hours of approved child abuse and neglect mandatory reporter training (and every 5 years thereafter.)

**You reported taking this course in 2011. Please locate your certificate and place it in your provider file. If you need to retake the course please see the website on page 16; the course can be completed online.**

☐ 110.5(2)b Certification by an approved trainer/organization in infant and child first-aid that includes mouth-to-mouth resuscitation. Certification will be maintained throughout period of registration. If they are unable to locate first aid training that includes mouth-to-mouth resuscitation, they must complete both a first aid course and CPR.

☐ 110.5(2)b During the second year of registration and each succeeding year, twelve hours of approved training. At least six hours shall be in a group setting. If the provider has documentation of completing the ChildNet, PITC, or Beyond Business Basics series, these hours may be used to fulfill two year's training requirements, not including first aid and mandatory reporter training. A specific training shall not be used to meet requirements more than one time every five years.

#### **110.5(8) Children's Files**

☐ 110.5(8) An individual file is maintained for each child and updated annually or when there are changes. Each file contains:
